

2021 Children's Agenda

Budget Ask Items

Some items on the 2021 Children's Agenda are budget asks only and do not require a policy bill. When a concept is not trying to adjust or create law, it will instead be part of the budget process and be considered by Ways and Means chairs and the co-chairs of the relevant Ways and Means subcommittee to determine if the funding request will be included in the budget.

Budget asks may be folded into an agency budget or found in the end-of-session bill, often referred to as the "Christmas Tree" bill.

Education

Expand Access to Culturally Specific Programs
